

REMARKS

The Applicant expresses his gratitude for the withdrawal of the art-based rejection. The claims have been amended to specify the presence of calcium and potassium and to address various informalities in the dependent claims.

CONCLUSION

For the foregoing reasons, it is submitted that each of claims 25-27, 29, and 31-41 should now be allowed. Should the Examiner wish to discuss any issues of form or substance, he is invited to contact the undersigned attorney at the number below.

Respectfully submitted,
